## Executive summary

Yarra Plenty Regional Library offers a wide range of media, which is selected according to profiles developed for each branch. Print collections are reducing as the emphasis on online information grows, and borrowers are able to download audio books and eBooks through Overdrive, access a wide selection of online databases and borrow video games as well as traditional print and audiovisual items. Print reference collections have been substantially reduced at all branches and some have interfiled reference books into the lending collection. Turnover is the key driver for selection and deselection and heavily used collections such as adult fiction and children's picture books are being increased, while the funding for adult non-fiction is decreasing. This has been in response to user feedback carried out by an annual collections questionnaire as well as data from the Nexus survey. Improvements identified include more promotion of online collections, finding ways to reduce holds queues, acquiring more audiovisual materials and ensuring that collections always look as good as they can by ensuring weeding guidelines are adhered to.

There is a wide range of programs and activities offered at libraries for all 6 target groups: preschoolers, primary school aged, teenagers, adults, people from CALD communities, and seniors. Programs are developed by branches using the library's strategic plan and branch plans to ensure that they are helping us achieve our desired outcomes. There are enthusiastic staff who develop, promote and deliver programming as well as volunteers who provide additional services and activities that could not otherwise be provided. The Outreach Department and Branch staff are making contact with an increasing number of community groups to build partnerships and deliver shared activities. Improvements identified include promoting more effectively to non users, better evaluating programs and activities and more strategic planning to ensure that branches are aware of what others are doing and develop a standard business cycle to ensure that planning and budgets are aligned.

Technology is a feature of the library service. All branches offer WiFi, and there are almost 200 public access PCs available. RFID was introduced at all branches in February 08 and this has enabled the library to move to 100% self service checkout, freeing up staff to perform more value added tasks and also enabling libraries to increase opening hours with no additional staffing (ie Lalor, who moves to 7 day a week opening in August). Web 2.0 technologies have been integrated into regular library offerings, and have proven popular, especially integrating LibraryThing for Libraries and ChiliFresh into the library catalogue to enhance content and enable borrowers to add their own reviews. The major project for 09/10 is to upgrade the library's website and implement a discovery layer into the library catalogue further encouraging participation and interaction by library users. Improvements identified include redesigning the library's website, and monitoring the use of the network to ensure that supply keeps up as demand grows.

Library facilities are generally of a high quality; buildings are well situated, several of them within walking distance of a train station. Care has been taken to make them user friendly, attractive and accessible. Region-wide branding is used to promote the

library service and to present a professional look and feel. Two new mobile libraries are well used and much appreciated, the large articulated mobile library visits outlying townships and some urban centres and the smaller Outreach Vehicle services assisted living accommodation where residents who would not otherwise be able to easily access a branch can choose their own materials and enjoy the social experience of a library visit. Improvements identified include longer opening hours (all libraries currently are closed one week day) and more promotion for the Outreach Vehicle to include more people who may wish to use library services but are not aware of them.

Staff are encouraged to participate in professional development opportunities and an annual program, Library Worker 2.0, has been developed. There are a number of region-wide committees and groups to encourage good practice and innovation. An international job exchange is now in its second year and has offered exciting opportunities for staff. Improvements identified include better resourcing the planning of the training calendar, implementing a cooperative training wiki with other library services and councils and encouraging innovation at all levels of the organisation.

A Strategic Planning session was held with Board members and senior staff in September 07 to develop the current 4 year plan. There are 6 key areas in the plan: Libraries building community capacity; Libraries as community hubs; Libraries online; Skilled and confident library staff; Seamless integrated technology; and Sustainable and responsible finance and governance. This plan is the basis for the annual business plan and budget and also the annual branch plans, which in turn inform individual performance plans. Frameworks have been developed for each service area, outlining where we are currently, where we want to be in 5 years, and how we are going to get there. Customer service procedures were developed using a Best Practice Manual published by the American Library Association and are regularly reviewed. Improvements identified include establishing a standard business cycle for planning.

## Introduction

Yarra Plenty Regional Library is in the north east of Melbourne, providing library services for 3 local governments: Banyule, Whittlesea and Nillumbik. Altogether we serve a population of 311,000 people over an area of 983 square kilometres. We do 3.7 million loans a year, have a collection of 480,000 items, and 8 branches and 2 mobiles. We are one of the larger public library services in Australia, with a staff of 165, 88 equivalent fulltime. Our budget for 08/09 is \$10.7 million – which equates to a per capita of \$34.

We are governed by a Library Board, which comprises 2 councillors from each of the 3 councils. The Library Board sets our strategic direction and has developed the Strategic Plan 2008–2012. As well as this we have a 4 year Resource Plan, which outlines our financial planning and the annual budget. We have worked on a number of frameworks, which are 5 year plans that look at each of the service delivery areas and describes where we are currently at, where we would like to be and how we are going to get there. This provides a road map for our staff and because they have been developed in consultation with key stakeholders and the community, they provide us with a reality check and a mandate for change.

Service delivery is provided through 8 branch libraries located at Diamond Valley, Eltham, Ivanhoe, Lalor, Mill Park, Rosanna, Thomastown and Watsonia.

Two mobile libraries provide services including a specially designed vehicle that visits institutions for those residents unable to visit a library. There are collections in Arabic, Chinese, Croatian, French, German, Greek, Italian, Macedonian, Polish, Serbian, Spanish, Turkish and Vietnamese. The language collections held vary from branch to branch. Libraries in Whittlesea have a greater range and number of collections to meet their diverse communities.

### **Banyule City Council**

Banyule has a diverse community of approximately 114,000 residents from more than 40 countries. Italian, Greek, Chinese and Arabic are the highest proportion of LOTE languages spoken at home. West Heidelberg is also home to a significant number of newly arrived migrants particularly from Somalia.

### **Shire of Nillumbik**

The Shire of Nillumbik has just over 61,000 residents. The shire features a cross of both urban and rural areas. German and French speakers are the main users of LOTE library services in Nillumbik, with Italian and Greek being the top languages spoken at home other than English.

### **City of Whittlesea**

Residents of the City come from a diverse range of cultural backgrounds, with a very high percentage of residents born in other countries, particularly Macedonia, Italy, and Greece. Demographically, over half of the residents are from non-English speaking backgrounds. At the local level the influences of a diverse cultural heritage are more evident in the urban areas in Thomastown, Lalor and Epping. These suburbs contain a greater proportion of non-English speaking backgrounds than

other parts of the City. The municipality's population has grown at a rapid rate during the past 30 years, more than quadrupling from 27,000 in 1969 to approximately 130,000 in 2006. In the next 3–5 years the City of Whittlesea will become Victoria's fastest growing municipality. The City's current population of over 130,000 is forecast to double in the next 20 years.

## Summary results

### Overall Ratings

The overall results of the self-evaluation for the five Key Result Areas are:

Key Result Areas	Self Rating	Peer Rating
1. Providing gateways to information	☆☆☆	☆☆☆☆
2. Building individual skills, capability and wellbeing	☆☆☆	☆☆☆☆
3. Developing social capital	☆☆☆	☆☆☆☆
4. Demonstrating leadership and values	☆☆☆	☆☆☆☆
5. Designing, managing and improving systems and processes	☆☆☆	☆☆☆☆

### Key strengths

1. Attractive well-designed welcoming libraries staffed by friendly knowledgeable staff
2. Effective and efficient procurement of library collections
3. Use of technology to improve processes and free up staff eg RFID
4. Integrating Web 2.0 technologies into service offerings
5. 5-year strategic frameworks developed in consultation with key stakeholders and community

### Key opportunities for improvement

1. Increase circulation and improve promotion of collections
2. Promote library to non users
3. Increase community engagement in planning processes
4. Develop more strategic approach to programs and events
5. Improve availability of new items for loan

## Improvement plan

The improvement recommendations from the evaluation were reviewed and prioritised, resulting in the following improvement plan.

Action	Responsibility	Target Completion Date	Progress
<b>Key Result Area 1: Providing gateways to information</b>			
Network with key agencies, particularly aged services units of member councils	Seniors and Volunteers Coordinator	Initial contact by August 09	
Institute a QA system to ensure all databases are working	Collections & IT departments	August 09	
Use Vision Australia offer to promote public libraries	Outreach Dept		
Establish new outreach programs such as Connex partnership at Rosanna, storytimes at Epping Plaza	Branch managers, CL librarians	June 10	Some programs already happening
Ensure weeding guidelines are met	Collections and Branch Managers	Sept 09	
Shelve magazines by subject	Branch Managers	Sept 09	
Use collection turnover KPIs to manage collection	Collections, Branch Managers	Dec 09	
Reduce loan period for new items	Collections		
Do not allow holds on bestsellers	Collections		
Develop staff knowledge of databases	Branch Managers, Manager Collections	Dec 09	
Obtain free collateral from vendors to promote online databases	Manager Collections	Dec 09	
Improve withdrawals process by obtaining data from LMS	Manager Online Delivery, Manager Collections		

Action	Responsibility	Target Completion Date	Progress
<b>Key Result Area 2: Building individual skills, capability and wellbeing</b>			
Develop flyers for distribution by Outreach Vehicle staff	Outreach Dept	June 09	Done
Network with Assisted Living Accommodation facilities	Outreach Vehicle staff, Seniors and Volunteers Coordinator		
<b>Key Result Area 3: Developing social capital</b>			
Develop feedback form – paper and online	Outreach Dept	Sept 09	Online form completed
Develop process for monitoring feedback from customers	Operations	Dec 09	
<b>Key Result Area 4: Demonstrating leadership and values</b>			
Institute Bright Ideas initiative to encourage innovation	EMT	June 09	Done
Improve customer service training – engage Box Hill TAFE to deliver training	Manager People & Learning	June 09	Already underway
Implement special project to plan Staff Development program for the rest of 09	Manager People & Learning	June 09	Already underway
Implement Operation Managers wiki and Northern Metropolitan HR Managers wiki to enhance training opportunities	Manager People & Learning	Sept 09	
Audit skills of staff – conduct competency audit (Box Hill TAFE)	Manager People & Learning	Nov 09	
<b>Key Result Area 5: Designing, managing and improving systems and processes</b>			
Develop a standard business planning cycle to have a more strategic approach to programs and events	CEO, EMT	Aug 09	

Action	Responsibility	Target Completion Date	Progress
Engage community in developing 2 new frameworks <ul style="list-style-type: none"> <li>▪ Arts &amp; Culture</li> <li>▪ Seniors &amp; Volunteers</li> </ul>	Manager Outreach	June 10	
Conduct collections questionnaire annually	Manager Collections	Nov 09

### 2.1 Lifelong learning in the library context

Library Service Rating ☆☆☆

Reviewer's Rating ☆☆☆☆

What we do	Evidence	Strengths	Areas for Improvement
<p>Supporting informal learning</p> <ul style="list-style-type: none"> <li>▪ Provide Web 2.0 training/services to library workers and to the community</li> <li>▪ Provide ongoing children's programs that encourage lifelong learning</li> <li>▪ Provide specialist children's staff at all branches</li> <li>▪ Provide access and programs that complement youth interests</li> <li>▪ Provide access and services that promote a love of reading and sharing reading experiences</li> <li>▪ Provide internet training from basic to more advanced</li> </ul> <p>Support formal learning</p> <ul style="list-style-type: none"> <li>▪ Finding My Place program complements school curriculum</li> <li>▪ Provide online tutoring for students through YourTutor</li> <li>▪ Provide homework help programs</li> </ul> <p>Provide spaces for learning</p>	<p>Events calendar</p> <p>Marketing collateral</p> <p>Statistics for Children storytimes, holiday activities, school visits, YourTutor</p> <p>Finding My Place statistics, feedback</p> <p>Annual report</p> <p>Strategic plans including branch plans</p> <p>Media coverage</p> <p>Learning guides</p> <p>Nexus survey results</p> <p>Grant funding applications</p> <p>Taste of web program</p> <p>Kerri's presentation on Finding My Place</p> <p>Marketplace of ideas marketing collateral</p> <p>Annual statistics – attendance at events</p>	<p>Many programs offered in partnership with other organisations</p> <p>Successful at getting grants for programs</p> <p>Attendance numbers at activities growing</p> <p>Quantity of programs – average 50 a month</p> <p>Solid relationships with schools especially in City of Whittlesea</p> <p>Special focus on seniors activities/programs</p> <p>Good wide range of core children's programs held regularly</p> <p>Finding my place program supported by community organisations and local schools, 3 programs this year</p> <p>Well equipped multimedia training rooms at 2 branches available for community groups</p>	<p>Staff training -standardise training levels – skills vary between trainers</p> <p>Professionalise trainers, eg collaboration with TAFE certification, Certificate IV esp. IT courses</p> <p>More evaluation of programs, feedback sheets for activities to be better utilised</p> <p>Consolidate names of programs, bookings, staff knowledge of programs at other locations, more sharing of information</p> <p>More strategic programming and research into what people want</p> <p>More frequent regular programs and more depth in programs</p> <p>Library to become RTO</p>

## Key Result Area 2: Building individual skills, capability and wellbeing

### 2.1 Lifelong learning in the library context

Library Service Rating ☆☆☆

Reviewer's Rating ☆☆☆☆

- Provide space and facilities for community learning by others, including 2 well equipped training rooms at Mill Park and Thomastown

Partner with other learning providers – eg Diamond Valley Living and Learning Centre, U3A

Promote the library as a marketplace of ideas – improve the level of debate in the community about current issues

List of grants received 07–09

to use as well as library based training

#### Peer Review – Notes on What we do, Strengths, & Areas for improvement

#### Notes on Evidence

#### Comments on Star rating

- Each branch organise and run their own training sessions
- Finding My Place program – 6 partners, funded by LLEN
- Partnering with other providers
- Lots of programs running but needs more evaluation and assessment. Need to consolidate names of programs and programming into one package.
- Find out what people want. Is there a place for informal learning?
- Children and Youth Services Librarians at all branches
  - ~ Youth Week programs
  - ~ Music programs
- Increase from 32 -> 65 book groups – excellent links with library community
- 1-on-1 time booking for IT staff member – out of Lalor

Standardising of services across all the branches

Suggest that many areas are being targeted  
 A bit of ad-hoc-ness about projects – standardised stuff missing  
 Consolidate what's delivered  
 Proactive and being partners  
 Better than most – should be 4 stars

**Key Result Area 2: Building individual skills, capability and wellbeing**

**2.1 Lifelong learning in the library context**

### 5.1 Implementation of policies and procedures

Library Service Rating ☆☆☆

Reviewer's Rating ☆☆☆

Reviewer's Rating ☆☆☆☆

#### Peer Review – Notes on What we do, Strengths, & Areas for improvement

#### Notes on Evidence

#### Comments on Star rating

- Frameworks are 'living documents' and being followed
- Strong performance on a tested strategic framework
- Planning is cascaded
- Intranet needs to be improved
- Policies reflect current good practice – use of ALA manual to develop procedures
- Need to monitor policies and guidelines
- Procedures readily available

Very good depth of evidence

Suggest better than 3 stars for depth and consistency and use of materials outside the industry as guides (ALA manual)

## Key Result Area 5: Designing, managing and improving systems and processes

#### Peer Review – Notes on What we do, Strengths, & Areas for improvement

#### Notes on Evidence

#### Comments on Star rating

- Long regarded as a leader in the industry
- Seems to be a culture of continuous improvement that may not necessarily be articulated?
- Needs to improve staff involvement in all the processes
- Strong commitment to this process evidenced
- Sector-leading in Web 2.0 and staffing
- Innovation obvious

Strong evidence  
Staff in demand for speaking and seminars

Feel it is 4 stars with improvement areas giving incremental improvement

### Key Result Area 5: Designing, managing and improving systems and processes

#### Overall Star Rating

Library Service Rating ☆☆☆

Reviewer's Rating ☆☆☆☆

Reviewer's Rating ☆☆☆☆

#### Peer Review – Additional notes

- Collection Asset Plan – usage driven, e.g. if 20% of the collection is the highest use, then 20% of the budget is allocated – shaping collection to meet demand (480,000 collection)
- Overdrive – media downloadable content
- Interfile Reference collection
- KPIs for each collection area, e.g. 100s – how much usage?
- 5-year plans for target groups
- Branch plans
- WiFi, Apple MACs

# Context and background of Yarra Plenty Regional Library

Yarra Plenty Regional Library was founded in the mid-1960s, when the former City of Heidelberg agreed to provide library services to the former Shire of Eltham. Later the former Shire of Diamond Valley and the Shire of Whittlesea joined in the Regional group. In 1995, following changes in local government boundaries, the new municipalities of Banyule, Nillumbik and Whittlesea continued their support for the regional library service and Yarra Plenty was one of the first regions incorporated under Section 196 of the *Victorian Local Government Act 1989*.

The service covers 983 square kilometres, forming a wedge in the north eastern quadrant of Melbourne, Victoria. The region is generally bound on one side by the Merri Creek and on the other by the Yarra River. It includes a combination of metropolitan, urban fringe and rural populations.

The demographic makeup of the entire area closely follows that of the Melbourne Statistical District, but within the Region there are significant populations of non-English speaking people including Italian, Greek and Macedonian communities. There are growing Chinese and Vietnamese communities and in the West Heidelberg area a Horn of Africa refugee group.

The area of the Region north of the Epping–Eltham arc is largely rural, although the City of Whittlesea is one of Australia’s fastest growing municipalities, with large scale new home building taking place.

Service delivery is provided through 8 branch libraries located at Greensborough, Eltham, Ivanhoe, Lalor, Mill Park, Rosanna, Thomastown and Watsonia. A mobile library provides service to areas without easy access to a library building and a specially designed outreach vehicle visits institutions for those residents unable to visit a library. The service is coordinated from the administration unit located in the City of Whittlesea’s Civic Centre, located in South Morang.

The Regional Library holds approximately 480,000 individual items. While many of these are books, there are significant collections of DVDs, CDs and downloadable media.

The entire Region is connected via a sophisticated communications and computer network. The Unicorn Library Management system, provided by SirsiDynix Australia, is used to provide a public access catalogue and circulation functions. The Bibliotheca RFID solution has been implemented at all branches which facilitates 100% self checkout. The system supports 268 desktops, of which 180 are available for public use. All branches also provide wireless access for laptops and other mobile devices.

The Region also provides a website ([www.yprl.vic.gov.au](http://www.yprl.vic.gov.au)) which provides information about the Service, along with access to the catalogue and acts as a

gateway to a wider world of information. The library catalogue is enhanced by content sourced from Syndetic Solutions which provides covers and reviews as well as the functionality of LibraryThing for Libraries and Chilifresh, both Web 2.0 applications that allow borrowers to add reviews and rate books.

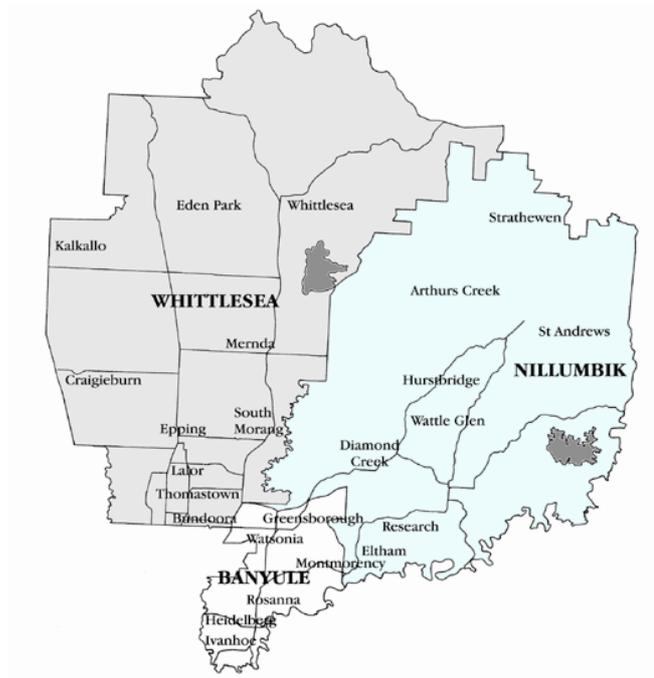

165 staff (88 full time equivalent) deliver the service with the assistance of more than 150 volunteers.

1,607,000 visits are made to the Region's libraries each year and 3,737,000 loans are performed. On an average day there are 5,000 visits made to the libraries within Yarra Plenty. The Service has 145,000 active members.

The Service has a budget of \$10,643,000. 17% of this amount (\$1,887,000) is spent on new and replacement books and other materials each year. The majority of the remaining expenditure is on employee costs although there are also significant costs for information technology services. The Regional Library service operates as an independent legal entity with an annual audit by the Auditor General.

The majority of funding (83%) is provided by the 3 member Councils with another 17% provided by the State Government's Department of Planning and Community Development.

The Service is governed by the Regional Library Board. The composition of the Board is specified in the joint agreement between the three member Councils and includes 2 representatives from each member Council. Meetings of the Board are held regularly and are open to the public.
