Extensive course range

The NSW AMES range of online courses has gained national and international acclaim. They provide a rich multimedia learning environment that presents language in real contexts via video, audio, animation and interactive tasks.

Unique benefits for learners

- Engagement - through quizzes, puzzles, games, videos and interactivity including dialogue builders.
- Progression - immediate feedback is provided in the form of discrete answers, auto-correcting activities, sample answers, hints and additional information.
- Flexibility - 24/7 access allows learners to study anytime, anywhere, at their own pace and intensity.
- Confidence - provided through a safe and non-threatening environment where learners can experiment, practise and review the areas of language they want to master.
- Independence – through course features such as video and audio players with synchronised transcripts encouraging learners to take control of how they develop their language skills.

Flexibility and support for teachers

All courses can be delivered:

- in a classroom or computer lab with a teacher as part of blended delivery
- in a self-access centre providing structured practice and extension of classroom study
- at home independently or as part of a structured learning program.

Licence options for institutions

- Concurrent login packages (multiple user access) from \$800 + GST per campus/location.
- Individual student logins with (Learner Management system) LMS tracking, administration and reporting.

LMS support resources include:

Mobile app lessons

e-portfolio online assessment tools

Student workbooks as PDFs

Teacher guides

CDs and DVDs
