

Advance your career with online study today

Leading online learning

Who we are

- ✓ Open Universities Australia (OUA) is a leader in online learning helping you to advance your career
- ✓ There's a range of courses and units to choose from including TAFE qualifications, undergraduate and postgraduate degrees
- ✓ Online study is offered by over 20 leading university and TAFE providers in one place
- ✓ OUA offers Open Access, which means you don't have to have prior qualifications to study
- ✓ Flexible study with four study periods a year for undergraduate degrees and TAFE courses and three study sessions for postgraduate degrees

Benefits of studying online through OUA

- **Fast track your study** so you can get your qualification sooner
- **Free online tutoring** and academic support available 24/7
- Take **breaks from your study** when you need for travel or work
- **Gain the same qualification** as an on-campus student
- A range of **financial assistance** available such as HECs-HELP or FEE-HELP

OUA Connect – Study support at your local library

- As an **OUA student** you can receive assistance from your local library to help you with accessing different websites, journal and library databases to assist you with your research and assignments for your study
- There are also dedicated **library sessions** where you can meet with library staff and fellow OUA students in your local community
- Ask at your **local library** today to see how they can help you with your study and whether they are part of the OUA Connect program
